## OUR BELIEFS

---

The Palmyra School Community believes:

- every behaviour is a student trying to communicate a need
- behaviours are linked to developmental stages and can be learned and adapted
- behaviour should be managed using a whole-school approach
- positive behaviour should be recognised
- consistently high expectations and positive teacher student relationships will lead to positive behaviour outcomes

## TERMINOLOGY

---

**Behaviours of concern, unproductive behaviours, inappropriate behaviours are preferred terminology.**

**Community** – Parents, Carers, Students, Staff

**Extraneous Load** – Distraction from intended learning (e.g., Someone talking while you are trying to read).

**Maladaptive Behaviours** – Behaviours that interfere with a student's learning or ability to adjust to and participate in their learning environment.

**Mentors** – Support people

**EA** – Education Assistant

**SIS** – Student Information System (school database), also called Integris

## SOUND ADAPTIVE BEHAVIOURS

---

Adaptive behaviours include real-life, age-appropriate skills such as grooming, getting dressed, avoiding danger, safe food handling, managing money and cleaning. In a school setting they include following school rules and expectations, making friends and practicing age-appropriate social skills, the ability to work / access programs, and take personal responsibility. A student with sound adaptive behaviours is flexible and willing to adapt according to the situation, at an age-appropriate level.

At school, adaptive behaviour includes but is not limited to the following skills:

- Follows the teacher's instructions
- Participates in classroom activities and programs
- Respects self, others, and property
- Follows safety rules, procedures, and instructions
- Uses classroom/playground equipment safely following instructions
- Responds appropriately following social skills instruction, i.e., turn taking, sharing, respecting personal space
- Handles changes in routine or minor disappointments without getting too upset
- Transitions appropriately from one activity to another
- Settles following parent separation with reasonable age-related support

Students who are not accessing the program due to their maladaptive behaviours will be provided Tier 2 and/or 3 supports and interventions, with parents, Administration and School Psychologist included in the support process, additional to class staff.

## FUNCTION OF BEHAVIOUR

---

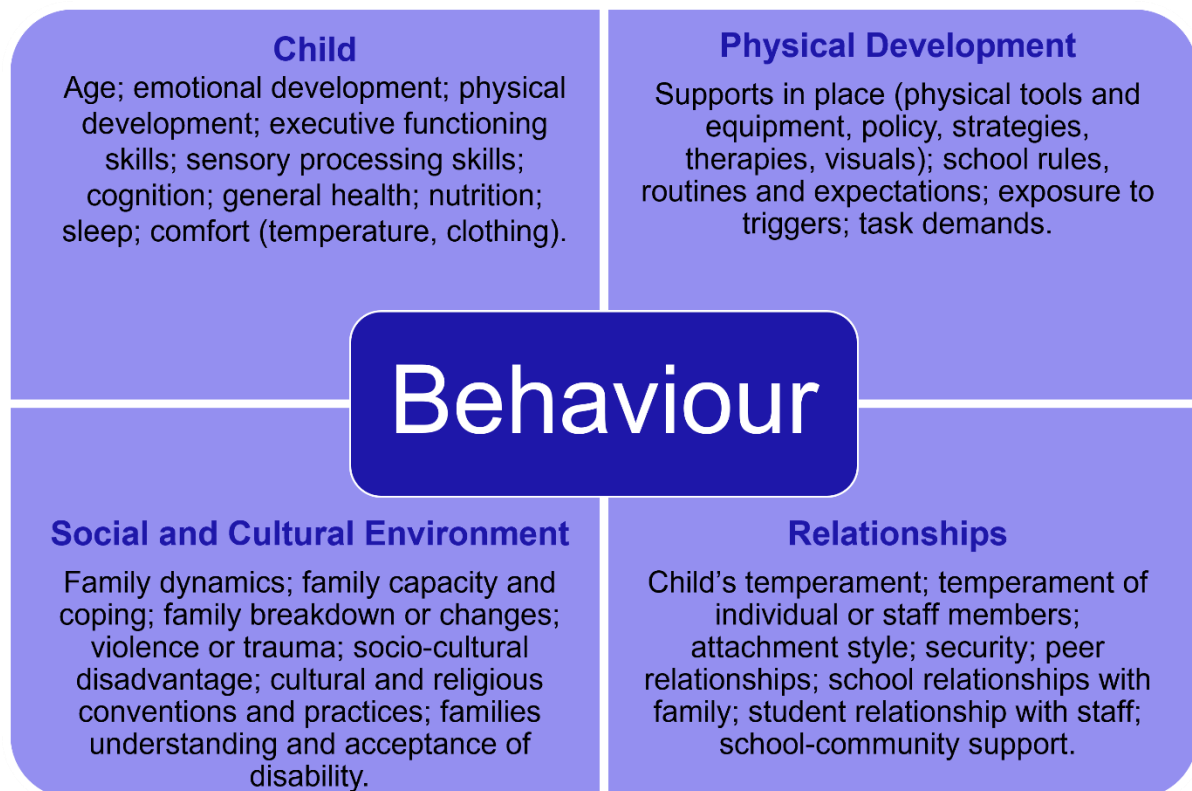

All behaviour occurs for a reason. This reason is the function of the behaviour (FBA) and can fall into four categories, or reasons for the behaviour.

1. Sensory stimulation
2. Escape or avoidance
3. Attention
4. Tangible item or activity

When we better understand the reason for an unproductive behaviour, we are better able to find ways to support students to demonstrate expected behaviours. Functional Behaviour Assessments are tools that can be used to determine the function/s of a behaviour and then enable selection of the most appropriate reinforcer as a support. (See Appendix A for more information on Functions of Behaviour).

## DEVELOPMENTAL NEEDS AND BEHAVIOUR

---

Children who present with complex behaviour support needs (Tier 2/3) often have unmet needs across one or more areas of their life. When providing behaviour support for a child, all aspects of a child and their environments need to be considered. To understand the multi-level nature of complex support needs, the broader context needs to be considered.

For example, a child may present as restless, fidgety, and distracted during class, however this may be due to poor postural stability impacting their ability to maintain an upright position and the child's attention is mostly focused on attempting to maintain a position. With appropriate tools and strategies in place at home and in school, in addition to accessing therapies, the behaviour will likely improve.

An example of multi-level complex support needs is a child who is disengaged, defiant and non-compliant in class. When the broader context is reviewed, the behaviour may be due to a combination of socio-cultural factors (i.e., family dynamics), relationships with staff and peers at school, and personal factors (i.e., nutrition (e.g., hunger), sleep, sensory processing skills, developmental delay etc). Teaching staff and Allied Health Professionals working with the child need to understand what the behaviour looks like, when it occurs, and the function of the behaviour in order to identify the necessary supports.

## OUR SCHOOL VALUES

---

At Palmyra Primary School, students are taught our three core values, with the aim of helping shape and build the skills of students to be confident, self-disciplined, and considerate community members. Our Values form the basis for our Expected Behaviours.

<b>Be Responsible</b>	<ul style="list-style-type: none"><li>• We make the right decisions and choices, even when others are not watching.</li><li>• We are aware of how behaviours impact others / environment.</li><li>• We are accountable for our words and actions.</li></ul>
<b>Be Respectful</b>	<ul style="list-style-type: none"><li>• We value and accept similarities and differences.</li><li>• We care for our school environment on Whadjuk boodja.</li><li>• We demonstrate expected behaviours.</li></ul>
<b>Be Your Best</b>	<ul style="list-style-type: none"><li>• We put 100% effort into all we do.</li><li>• We set high expectations for ourselves.</li><li>• We show resilience and optimism.</li></ul>

## RIGHTS

---

ALL MEMBERS OF THE COMMUNITY HAVE THE RIGHT TO:

- feel valued, heard, respected, and to have a sense of belonging
- teach and learn in a safe, supportive, and inclusive environment
- privacy
- a shared understanding about how behaviour is supported.

## EXPECTED BEHAVIOURS

---

For the rights of the community to be upheld, standards need to be understood and met. These standards are aligned to our School Values and are expressed through Expected Behaviours. Teachers will use the Expected Behaviours matrix to discuss and develop with the class examples of expected behaviours, then reinforce, provide feedback and opportunities for practise. The Expected Behaviours Matrix will be displayed in all classes. Expected behaviours will be regularly adjusted to need, year or developmental level.

An example of an Expected Behaviours Matrix:

Where	Be Respectful	Be Responsible	Be Your Best
In the classroom	We will do what the teacher says the first time.	We will show kindness through our words and actions.  Do the right thing, even when others are not watching.	We will always try our best.
At the playground	We will keep our hands and feet to ourselves.		We will always have a go and persevere, even if it is difficult.
Around the school	We will look after the school's property.  We will be courteous.		We set ourselves goals and strive to meet them.

## SUPPORTS FOR EXPECTED BEHAVIOURS

---

Palmyra Primary School provides positive and proactive supports for expected behaviours within a multi-tiered approach.

## PROACTIVE AND PREVENTATIVE STRATEGIES

---

Through careful planning, positive relationships, appropriate language and effective teaching, every student is provided support to learn and maintain expected behaviours.

### **Programs**

- Targeting learning / differentiation
- You Can Do It
- Protective Behaviours
- Teaching social skills
- Teaching conflict resolution
- Movement and brain breaks
- Crunch & Sip
- Manage cognitive load
- Engagement strategies to encourage maximum participation

### **Rewards and Motivators**

- Consistent rewards across the school (Appendix B)

- Faction tokens for classroom and playground use
- Honour Certificates – one per child per year
- Letter of commendation at teacher discretion
- Classroom rewards aligned to class context and interest, ever changing.
- Individual motivators as required. Know the student's currency.
- Individualised rewards are linked to the student's "currency".
- Feedback is targeted and timely focused on expected behaviour.

### ***Environment and Classroom Organisation***

- Provide a safe environment
- Positive Behaviour Support (PBS) matrix displayed, discussed, understood, referred to, reviewed, and adjusted, regularly as a class (e.g., weekly)
- School values displayed, discussed, understood, referred to regularly.
- Consistent routines and procedures for learning
- Consistent routines are regularly pre-corrected/ prompted (e.g., go to toilet before class)
- Visual timetables
- Organisation of spaces (calm space/ active spaces / clean spaces)
- Systems of organisation (e.g., book collection; transitions)
- Seating plans
- Welcoming environment
- Transitions around school are calm, orderly, and supervised as required
- Staff prepared for each session
- Learning starts promptly
- Sufficient activity options in class and playground
- Ensuring distractions causing extraneous load are kept at a minimum

### ***Values and Expected Behaviours***

- Teaching understanding of code switching (language, environment, people, online)
- Consistent expectations for expected behaviours and
- Consistent approach to supporting behaviours
- High expectations of behaviours
- Valuing students: voice, culture, identity
- Matching expectations to student development

### ***Language***

- Refer to values when discussing behaviours
- Common language
- Positively phrased language e.g. says 'Walk' rather than 'Don't run!' (Focus on the expected behaviour)

### ***Training***

- Ensure staff capacity for positive behaviour support by attending professional learning
- Culturally appropriate responses
- Trauma Informed Practice
- Protective Behaviours

### ***Care / Responsibility***

- Build relationships
- Understand what is going on for the child
- Supporting children to build relationships
- Ensure a sense of belonging
- Target problem areas in playground
- Firm and fair

### ***Communication***

- Parent awareness of behaviour supports through newsletters / Connect
- Behaviour Expectation discussions in class and once a term assembly
- Values focus at assembly
- Consequences clear to community
- Staff share understanding of specific student supports (e.g. Specialist/EA/Admin)

## **TIER ONE - UNIVERSAL SUPPORTS**

---

Students demonstrate expected behaviours most of the time and respond and adapt their behaviour to proactive and preventative strategies and /or Tier 1 supports. Students might occasionally demonstrate unproductive behaviours, for example they may become distracted, display task avoidance, fidget or not meet behavioural expectations, without significantly impacting learning of others or themselves. Students self-regulate and respond to Tier 1 supports.

### **Examples of Tier One Supports**

Application of Proactive and Preventative supports, plus the following:

- Low key responses – proximity, verbal, non-verbal
- Focus on the positive behaviour in the classroom (corrective feedback to influential peer demonstrating the positive behaviour)
- Smart ignoring
- Praise and positive verbal incentives
- Visiting or showing work to admin or buddy class
- PBS Matrix – reminders
- Charts (visual reminders)

- Referring to visual cues in the room
- Scaffolding everyday instructions
- Seating adjustments – relocation of students
- Acknowledging feelings – teacher and student
- Teaching conflict resolution – ‘Think-alouds’ and modelling how to resolve conflict.
- Pre-correction – reminding the students of the expected behaviour before it occurs.
- Explicit teaching behavioural expectations
- Scaffolding
- Tone of voice – calm and clear
- Wait time – giving children time to respond.
- Calm space/brain break/activity – at point of need
- Limit or reduce teacher language if required
- Forced choices – limiting the choice of tasks to two tasks only
- Corrective feedback – e.g., “Remember to put your hand up.” “Please walk on the verandah”
- Bump Strategy 1-4 (PBS)

## TIER TWO – FOCUSED INTERVENTIONS

---

Students requiring Tier 2 support are not responding to Proactive and Preventative and/or Tier 1 supports. The student frequently does not demonstrate expected behaviours, impacting the learning and/or rights of others and themselves. Unproductive behaviours are more persistent and /or reoccurring and the student does not always adapt their behaviours to meet expectations. Support strategies are selected to address the specific behaviours.

### ***Examples of Tier Two Supports***

- Individualised visual timetable
- Individualised behaviour goals
- Mentors
- Sensory tools – wobble chair/cushion, fidget toys/weighted mats/jacket
- Individualised seating Flexible seating/standing seat – strategic placement (seating plan)
- Time reminders – visual timers
- Behaviour targeted role play
- Individualised stamp/reward chart
- Visual First and then/forced choice
- Individualised social stories
- Directed calming time

- Scripted responses
- Targeted skills teaching in small group e.g., Social Skills
- Student conversation with Deputy
- Teacher conversation with Deputy / Psychologist (deidentified)
- Contracts
- EA one-on-one on the mat during explicit teaching or more difficult tasks
- Regular parent communication
- Case Conferences (parents)
- Emotional regulation supports
- Counselling and guidance support
- Individual Behaviour Support Plan (IBSP) (appendix I)

## TIER THREE – INTENSIVE INTERVENTIONS

---

Students requiring Tier 3 supports display persistent, re-occurring unproductive behaviours that impact on the rights of others and their own ability to engage in learning and/ or play. Students have not responded to a range of Tier 2 supports, and require ongoing, daily, specific, individualised behaviour supports, plans and interventions.

Behaviours may include:

- Violent, aggressive, or threatening behaviours
- Non-compliance to staff direction
- Actions that impact safety

### ***Examples of Tier Three Supports***

- Individual Behaviour Support Plan (IBSP) (Appendix C)
- Regular review meetings to evaluate effectiveness of interventions and goals that have been set. (Staff only)
- Individualised supported learning
- Scripted responses
- Reduced program
- Escalation profile and Behaviour Response Plan (Appendix D)
- Recording and tracking of behaviour (Appendix E)
- Risk Management Plan (Appendix F)
- Functional Behaviour Assessment (as a part of an IBSP)
- Regular Case Conferences (all stakeholders)
- Disciplinary consequences
- Individualised transition support plan (new class / school)
- Referral to and ongoing communication with external services.
  - Child Development Centre
  - School Nurse

- School Psychologist
- School of Special Educational Needs: Disability / Behaviour & Engagement (SSEN:D, SSEN:BE)
- Child and Adolescent Mental Health Service (CAMHS)
- Paediatrician
- Psychiatrist
- Positive Parenting Program
- Social supports for families
- Reports and checklists for external agencies
- Support for staff: Professional Learning, Coaching, Shared Responsibility, PeopleSense

## CONSEQUENCES

---

Most students will be capable of meeting established behaviour expectations that are clear, explicitly taught and practised. When students do not respond to supports for expected behaviours, procedures to discourage the unproductive behaviour may be accessed. Unproductive behaviours and specific responses to minor and major behavioural infractions are defined on the following continuum. Refer to the Behaviour Response Chart (Appendix G) for process.

**Natural Consequence:** A natural consequence is something that occurs as a logical, reasonable outcome of a particular behaviour. Natural consequences are pedagogically oriented. Their goal is to help students learn that their behaviour has an impact on themselves, others, and their environments. (See Appendix H for examples.)

### **Tier One**

- Natural Consequences – e.g. tidy up own mess made
- Individual / whole class practising of expected behaviour
- Reminder of expected behaviour
- Low key reprimand of unproductive behaviour.
- Reminder of more serious consequences
- Private discussion with student about expected behaviour
- Transfer to Alternate Placement (TAP) from learning or play where the behaviour has impacted the learning or rights of others

### **Tier Two**

- Behavioural contract
- Behavioural reflection sheet (Appendix I)
- Detention
- Withdrawal
- Facilitated Restorative Conversation

### Tier Three

- Loss of Privilege / Good Standing
- Withdrawal
- Detention
- Suspension (up to 15 school days)
- Exclusion: (Applied under consultation with Department Director)
- Facilitated Restorative Conversation

### Consequences recorded on Integris (SIS)

See appendix J for Integris behaviour entry form.

Actions on Integris	Definition	Reasons	Process
Buddy class	Temporary Alternate Placement (TAP)	For example, repeats of minor, T1 behaviours	<ul style="list-style-type: none"> <li>• Several verbal reminders have been given</li> <li>• No longer than 20 minutes</li> <li>• Counselling upon return</li> </ul>
Detention	Loss of break time (recess and/or lunch) Supervised	For example, <ul style="list-style-type: none"> <li>• TAP alternative.</li> <li>• Non-compliance in class</li> <li>• Teacher discretion</li> <li>• Multiple (3) playground minor behaviours</li> </ul>	<ul style="list-style-type: none"> <li>• Complete the behaviour slip and send to office</li> <li>• Office enters in Integris and returns to class teacher</li> <li>• Reflection sheet if appropriate</li> <li>• Counselling</li> <li>• Parents are informed using detention slip (Appendix K)</li> </ul>
Loss of privilege	Loss of Good Standing and extracurricular activities	<ul style="list-style-type: none"> <li>• Not meeting behavioural expectations consistently.</li> <li>• Gross misconduct.</li> </ul>	<ul style="list-style-type: none"> <li>• At discretion of Principal</li> <li>• Communication with parents/caregivers</li> <li>• Behaviour-support plan</li> <li>• Counselling</li> </ul>
Not specified	Category not in use at Palmyra Primary School		
Other			<ul style="list-style-type: none"> <li>• At discretion of Principal</li> </ul>
Reprimand	Counselling of students	When behaviour support conversations are required with no ongoing further actions.	<ul style="list-style-type: none"> <li>• Deputies and Principal to enter on Integris for office-level counselling.</li> </ul>
Restorative justice	Restorative Practice supported conversations	When two or more students require a mediation to restore a broken relationship and repair harm because of their actions	<ul style="list-style-type: none"> <li>• Recorded on Integris if the problem has been referred to the Deputies and/or Principal.</li> <li>• Parents may be informed and / or involved</li> </ul>

Suspension	Whole or partial days of suspension from attendance at school for breaches of the School Behaviour Guidelines and Department policy	<p>Breach or serious breach of school behaviour guidelines e.g.</p> <ul style="list-style-type: none"> <li>• Physical aggression towards staff or students</li> <li>• Abuse, threats, harassment or intimidation of staff or students</li> <li>• Damage to or theft of property</li> <li>• Possession, use or supply of illegal substances or objects</li> <li>• E-breaches</li> <li>• Violation of code of conduct or school rules</li> </ul>	<ul style="list-style-type: none"> <li>• At Principal's discretion.</li> <li>• Contact the parent and communicate the intended suspension and the number of days.</li> <li>• Enter on Integris and print the suspension letter.</li> <li>• Provide letter to parent.</li> <li>• Arrange suspension re-entry meeting</li> <li>• Prepare Re-entry Plan (Appendix L)</li> <li>• Re-entry meeting Part A with Student and Parent</li> <li>• Re-entry meeting Part B with parent alone.</li> <li>• Provide plan to staff and student</li> </ul>
Withdrawal	Student is removed from the classroom but remains at school for no more than five consecutive sessions.	<p>Suspension not effective Work refusal Support strategy Ongoing, disruptive and/or disrespectful T2/T3 behaviours Awaiting suspension</p>	<ul style="list-style-type: none"> <li>• At discretion of Principal</li> <li>• Contact office for support</li> <li>• Deputy or Principal to enter on Integris</li> <li>• Separate break times may be applicable</li> <li>• Parent contacted</li> </ul>

## RESTORATIVE APPROACHES

Restorative approaches are a way of thinking and interacting that puts relationships at the centre of all actions and decisions. Restorative approaches are empathic, responsive to need, view conflict as opportunities to learn and grow, and build accountability for actions and processes to repair harm. They contribute to a culture of positive behaviour and safety.

### At Palmyra Primary School, staff:

- use collaborative problem-solving to respond to behaviours of shared concern
- promote personal responsibility and accountability for behaviour across the school community
- implement solution-focused responses to behaviour, which seek to repair damaged relationships
- develop empathy
- reinforce self-regulation

### Includes:

- Knee to knee
- Teacher / Deputy facilitated conversations
- Deputy facilitated conversation, including parents

## BULLYING

---

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium, and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

There 4 main types of bullying behaviour:

- **Physical** – examples include hitting, pushing, shoving, intimidating, or otherwise physically hurting another person, damaging, or stealing their belongings. It includes threats of violence.
- **Verbal/written** – examples include name-calling or insulting someone about an attribute, quality, or personal characteristic
- **Social** (sometimes called relational or emotional bullying) – examples include deliberately excluding someone, spreading rumours, sharing information that will have a harmful effect on the other person and/or damaging a person's social reputation or social acceptance
- **Cyberbullying** – any form of bullying behaviour that occurs online or via a mobile device.

At Palmyra Primary School, students identified as demonstrating bullying behaviours will be provided Tiered supports and consequences to establish and maintain expected behaviours.

## GOOD STANDING

---

Good Standing refers to the exemplary conduct and attitude expected from all students. It means consistently adhering to our school's values and expected behaviours. The process of maintaining good standing involves actively participating in classroom activities, treating others with kindness and respect, listening attentively

to teachers and peers, completing assigned tasks responsibly and on time, adhering to the Dress Code, and demonstrating good manners and self-discipline.

Students who consistently display expected behaviours are in Good Standing, and will be recognised and rewarded for their efforts with the extra-curricular days at school, helping to create a positive school culture.

When a student's behaviour and conduct consistently fall short of expected behaviours, despite support including parent meetings, or for a serious breach of expected behaviour, the principal may enact a student's loss of Good Standing.

### **Consequences of loss of good standing**

Students without Good Standing will not participate in any extra-curricular activities for 5 weeks or until the student is demonstrating expected behaviours. In exceptional circumstances, the Principal may choose to exclude students from participating in co-curricular activities. Alternative arrangements will be made to ensure students receive the learning required.

**Co-curricular activities** are learning experiences that take place outside of the classroom but are still tied to the classroom curriculum.

**Extra-curricular activities** are privileges that enhance the school experience including:

- Social Events
- End of year excursions
- School representation at competitions and carnivals
- Camps
- School fun days & fund-raisers

### **NOTIFICATION**

The student and parents/carers will be notified verbally and in writing of loss of Good Standing.

### **APPEAL**

Students are given the opportunity to appeal their loss of Good Standing and in exceptional circumstances this will be considered by the Principal. A Loss of Good Standing Appeal Form (Appendix M) is submitted for review.

### **Restoration of Good Standing**

We need to include this – here are some examples:

Students will regain their good standing after negotiation with the Leadership team on a case-by-case basis.

Students will regain their good standing when they demonstrated the school values consistently for 3 weeks or at the discretion of the Principal.

## MINISTER'S STATEMENT ON SCHOOL VIOLENCE

---

Palmyra Primary School implements the Minister's Action Plan: 'Standing together against violence'.

[Standing together against violence \(education.wa.edu.au\)](http://education.wa.edu.au)

## PARENT COMMUNICATION

---

Tier 1 supports are provided as a component of the learning program. Parents may be advised by informal communication, by phone or using written communication, however this is generally not necessary when the student has responded positively to the support.

When students are provided Tier 2 or 3 supports, staff and parents work collaboratively to determine and implement a range of strategies to support the child to demonstrate expected behaviours. Strategies and meetings will be documented, with copies provided to parents. Parents will be asked to provide permissions to further support services such as Chaplain or School Psychologist, and communication permissions to external services that they may have engaged.

Parents will be informed by phone, and/or formal letter when Tier 2 or 3 consequences are provided. Student Reflection Sheets will be sent home if determined an appropriate support for the student. Tier 2 and 3 behavioural incidences are recorded on the School Information System (SIS).

## RESPONSIBILITIES AND PROCEDURES

---

### Teachers / Education Assistants

- Provide supports as per the Behaviour Support Plan
- Implement Behaviour Support Plans
- Read student file for information
- Discuss behaviours with Deputy
- Consult with school support services and implement recommendations – Deputy/ School Psychologist
- Collaboratively develop and regularly review Individual Behaviour Support Plans (IBSP) and strategies (Appendix C)
  - Progress review - weekly / fortnightly meeting with staff using Progress Review Template (Appendix P)
  - Case Conference for regular meeting with all stakeholders (Appendix N)
- Provide Handover information of strategies trialled to next class.
- Playground reporting of behaviours – Office or class teacher (Appendix O)
- Classroom reporting of behaviours – (Appendix T)

## **Incidents**

- Discuss incident with Deputy
- Communicate the incident with the parent or caregiver on day of incident (Teacher)
- Record parent communication on behaviour record Integris (Teacher)

## **Deputy/Principal**

- Guide and support staff to ensure implementation of whole school Proactive and Preventative strategies and supports at each tier.
- Work collaboratively with class staff to support students requiring Tier 2 supports.
  - Support staff in the development, implementation, monitoring and reporting of an IBSP
- Coordinate Tier 3 supports, with parental and staff collaboration.
  - Support staff in the development, implementation, monitoring and reporting of an IBSP
  - Referral of student to School Psychologist.
  - Referral of student to outside agencies – CAHMS, SSEN:BE, Paediatrician
  - Mitigate risk through the development and implementation of Risk Management Plans which is to be provided to Principal (Appendix F)
  - Assess the level of risk and record on the School Risk Management Plan
  - Coordinate and manage regular case conferences with relevant team members
    - Progress review - weekly/fortnightly meeting with staff (Appendix P)
    - Case Conference - regular meeting with all stakeholders (Appendix N)
- Determine and implement appropriate Tier 2/3 consequences, including formal parental communication.
- Formal letters for detention, suspension to be stored on student file.
- Advise Principal and report Critical Incidents using the Online Incident Notification System (OINS) on IKON. (Provide copy to MCS (Managers Corporate Services) for electronic storage)

## **School Psychologist**

- Prioritise caseload to students requiring Tier 3 supports.
- Provide general consultation for behaviour support.
- Provide recommendations for resources, including monitoring tools
- Seek parental consent for individual case support.

- Assist in the development, implementation, monitoring, review and reporting of IBSPs (Individual Behaviour Support Plan).
- Liaise with relevant agencies to obtain information on student.
- Support transition processes as required (into Palmyra Primary School, within Palmyra Primary School and exiting from Palmyra Primary School)

### **Families**

- Collaborate with staff to support student learning and behaviour.
- Access relevant agencies upon recommendation of the school to obtain information on student.
- Provide up to date information pertaining to the student.
- Implement recommended strategies at home to support the IBSP.

### **Student:**

- Demonstrate expected behaviours
- Demonstrate school values

## **REFERRAL TO SCHOOL AND EXTERNAL SERVICES**

---

### **1. Teachers conduct their own review of the supports they have provided.**

- Proactive and preventative strategies are provided.
- Tier 1 supports provided.
- Tier 2 supports have been discussed with Deputy and provided to student.
- Staff have worked collaboratively on Tier 2 supports with regular reviews – (Appendix P)
- Individual Behaviour Support Plan developed, implemented, reviewed with class staff.
- Anecdotal notes, behaviour tracking, behaviour records completed (Appendix Q)

### **2. Teacher and Deputy discuss referral**

- Collect and review behaviour supports and data.
- Determine appropriate referral – What is the intended outcome of referral?
  - School Services Referral (**go to 3**)
  - External Services Referral (**go to 4**)
- Discuss proposed referral with parents.

### **3. School Services Referral: School Psychologist**

(Services are provided to students not demonstrating expected behaviours at school. Parents may be directed by Deputy to supports/ services for difficulties they are experiencing at home.)

- Teacher and SAER Deputy complete Referral Form (Appendix R)
- School Psychologist determines capacity to deliver service
- If low service capacity, referral is presented to Admin for triage.
- Referral proceeds
- Deputy arranges meeting with staff and parents to obtain permissions for service delivery.
- Services engaged; intervention/ supports/ data collections agreed upon, documented, and provided.
- Service and strategies on maximum 6 weekly review.
- Referral to external services may be recommended.

### **4. External Services – Paediatrician, Occupational Therapist, CAHMS, SSEN:BE, SSEN:D**

- Discuss and advise parents of relevant services and pathways for referral.
  - Referral through GP to private or public services – parent initiated.
  - Child Development Service (CDS) referral through school (Appendix S)
  - Online application for services – CAHMS, SSEN:BE, SSEN:D
- Deputy and teacher to complete referral and provide copy to office and parent/carer.
- Provide parent support to access services – E.g., lists of availability, no service provider recommendations.
- Supply external service provider/s information as requested. E.g. Complete checklists.
- Seek permissions from parents to access external service provider information relevant to student.

**Version:**

**Effective Date:**

Palmyra Primary School Positive Student Behaviour Guidelines are guided by

Student Behaviour in Public Schools Policy

Standing together against violence

## A: FUNCTIONS OF BEHAVIOUR SUMMARY

### FOUR FUNCTIONS OF BEHAVIOUR SUMMARY

Function of Behaviour	When does this occur?	What does this provide the student?	How do you respond?
<b>S</b> ensory stimulation	This can happen at any time, often when over stimulated. This can occur when a child is seeking sensory stimulation or avoiding sensory stimulation.	Provides the student with a preferred sensory experience or limits undesirable sensory input. NB: This can sometimes look like escape or avoidance, but the student is really avoiding a sensory stimulation.	<ul style="list-style-type: none"> <li>• Where possible teach functional or appropriate replacement behaviour, to meet sensory input or reduce sensory overload.</li> </ul>
<b>E</b> scape/avoidance	This usually occurs when there is an unfavourable situation that the student does not want to participate in or when the student predicts an undesirable outcome for themselves.	By avoiding or escaping the student can remove themselves away from undesirable activities, expectations, situations, or interactions.	<ul style="list-style-type: none"> <li>• Teach the First/Then strategy to decrease avoidance.</li> <li>• Break down large tasks into smaller goals. Provide frequent brain breaks.</li> <li>• Use a visual timetable to help the student prepare for upcoming events.</li> <li>• For unplanned events, give the student as much warning as possible.</li> </ul>
<b>A</b> ttention	Attention behaviours usually occur when the student is seeking people's attention or interactions. This can be for both positive and negative interactions.	Provides the student with access to people, their attention or interaction.	<ul style="list-style-type: none"> <li>• Teach and respond to positive attention seeking behaviours only.</li> <li>• Smart ignore negative attention seeking behaviours.</li> <li>• Reinforce positive peer behaviours to provide a visual of expected behaviours.</li> </ul>
<b>T</b> angibles or access to activities	When wanting to access a particular item or activity.	Provides me preferred items or activities. The student may snatch or grab items from other students resulting in conflict with peers.	<ul style="list-style-type: none"> <li>• First, explicitly teach the child waiting, sharing and turn taking skills.</li> <li>• Then generalise the learnt skill with peers, beginning with small groups.</li> </ul>

# C: INDIVIDUAL BEHAVIOUR SUPPORT PLAN TEMPLATE

 <b>PALMYRA</b> PRIMARY SCHOOL <small>WIRRALUK WOODLAND SCHOOL</small>				<small>Every Student, Every Classroom, Every Day</small> <small>MOVING FORWARD TOGETHER</small>			
<b>STUDENT BEHAVIOUR SUPPORT PLAN</b>							
Student Name:		Year Level:	Class:	Date:			
Teacher/s:		Purpose of the plan:					
<b>Functional Behaviour Assessment</b>							
<b>1. Identify the Problem Behaviour:</b>							
Clearly define the behaviour of concern. Be specific and objective in your description.							
<b>2. Describe the behaviour including when and where it typically occurs:</b>							
Frequency: How often does the behaviour occur?		Duration: How long does the behaviour last?		Intensity: How severe is the behaviour?			

<b>ABC Data Collection</b>		
<b>Antecedent Events:</b> e.g., transitions, specific tasks, interactions	<b>Behaviour:</b> Document the specific actions and responses exhibited by the student during the problem behaviour. Observable behaviours e.g., hitting, running etc.	<b>Consequence:</b> Examine the events or responses that follow the problem behaviour. Identify any reinforcing consequences e.g., attention from peers, avoidance of task.
<b>Function of the Behaviour</b>		
Understanding these functions helps in developing effective behaviour interventions. a single behaviour may serve multiple functions, and the same function can be served by different behaviours.		
<input type="checkbox"/> Attention <input type="checkbox"/> Escape/avoidance <input type="checkbox"/> Access to tangibles/activities <input type="checkbox"/> Sensory stimulation		
<b>Goals and Strategies</b>		
<b>Goals:</b>		
Identify specific, measurable, and achievable goals related to the student's behaviours. For example:		
<ol style="list-style-type: none"> <li>1. Reduce disruptive behaviours in the classroom.</li> <li>2. Increase positive interactions with peers.</li> <li>3. Improve self-regulation and emotional control.</li> </ol>		
<b>Strategies:</b>		
These can include:		
<ul style="list-style-type: none"> <li>• A list of positive reinforcement strategies to encourage desired behaviours. E.g., verbal praise, stickers, small rewards like iPad time or positive notes home.</li> <li>• Strategies to teach the student more appropriate behaviours that more appropriate. E.g., a student that disrupts the class when feeling overwhelmed could be taught to use a "quiet break" space or ask for help when they need it.</li> <li>• Adjustments to the classroom environment to support the student's needs. E.g., designated workspace, visual timetable, sensory accommodations.</li> </ul>		

No more than two goals should be introduced at one time.

<b>Goal #1:</b>		
<b>Strategies:</b>		
<b>Goal #2:</b>		
<b>Strategies:</b>		

**Checklist:**

This plan has been developed in consultation with the SAER Deputy  
 This plan has been communicated to the parents/caregivers.  
 This plan has been communicated to the student.  
 This plan has been shared with support staff including education assistants and specialist staff.

SAER Deputy Signature:	School Psychologist signature:	Other:

# D: ESCALATION PROFILE AND BEHAVIOUR RESPONSE PLAN

**PALMYRA PRIMARY SCHOOL**  
RESPECT RESPONSIBILITY RESILIENCE  
MOVING FORWARD TOGETHER

Every Student, Every Classroom, Every Day

## Escalation Profile and Behaviour Response Plan

Adapted from Autism Spectrum Australia and NSW Department of Education

An Escalation Profile and behaviour response plan (BRP) is to be used when a student's behaviour escalates to crisis point and interferes with the safety of staff, the student themselves and those around them. The response plan will guide the actions of staff to respond consistently, to reduce the distress of the student and to keep everybody safe.

The behaviour response plan should be developed with all people relevant to supporting the student including the SAER Deputy. It is divided into 3 columns and 6 rows, with each colour-coded row representing each stage of an escalation behaviour across a continuum:

- when the student is calm (Green)
- early warning signs of upset (Yellow)
- low level challenging behaviours, when the student is more in control (Orange)
- severe loss of control challenging behaviours (Red)
- de-escalation, when the student is starting to regain some control (Purple)
- recovery (Blue)

### ESCALATION PROFILE

### How to complete the Behaviour Response Plan

- Start with the left column. This outlines the course of a student's typical pattern of challenging behaviour from beginning to end (even though situations are often quite different). The Behaviour Response Plan prompt sheet (which is found on the back of the plan) will help you work through each of the boxes to complete the plan. When filling out the boxes on the left-hand side of the plan, it is important to limit the information only to what people will actually see when the behaviour is at this level (as if you are describing the student to someone who has never met them before) so that the document remains a practical resource. *For example, 'yells and throws objects around the room' is better than 'tantrum' as a description.*
- (a) On the near right column, write strategies matched to each level of escalation in the course of challenging behaviour. Green strategies are the 3 or 4 key strategies that should be put into practice every day to support the student (link implementation). Yellow strategies look to help the student to problem solve and communicate or otherwise engage in other activities via redirection and distraction. Orange strategies are similar to yellow and consider the purpose of the behaviour (being careful not to reinforce inappropriate behaviour). Red strategies are very different and only about keeping everyone as safe as possible by reducing the severity and duration of the incident. Purple strategies are about trying to de-escalate the situation and helping the student to recover. Blue strategies are about maintaining calm and rebuilding relationships. *Note: No strategy will work perfectly every time*
- (b) On the far-right column, write strategies for yourself. When faced with persistent challenges all people naturally experience their own stress and distress. We need to be aware of, and able to manage our own physical and emotional reactions to respond in a calm, planned way. Emotional strategies are often personal, and each support person may need to develop their own plan for coping with the emotional impact of dealing with the challenging behaviour.

**Remember:** Long term positive behaviour change only happens using proactive preventative strategies that build happiness, develop environments and teach new behaviours and skills. It is okay to 'give in', walk away or ignore behaviour sometimes as long as you have a long-term plan.

**Implementing the plan:** Once you have developed a behaviour response plan, it is important that everyone who interacts with the student is familiar with the plan and agrees to implement the plan in the same way. The plan can be reviewed and updated as you learn and strategies develop.

## Behaviour Response Plan

<b>Calm</b> When _____ is fine	<b>Prevention strategies</b> for _____	<b>Prevention strategies</b> for me
<b>Early Warning Signs (agitation)</b> When _____ starts	<b>To prevent challenging behaviour</b> for _____	<b>To prevent challenging behaviour</b> for me
<b>Low level challenging behaviours (acceleration)</b> When _____ starts	<b>To de-escalate the situation and prevent challenging behaviours</b> for _____	<b>To de-escalate the situation and prevent challenging behaviours</b> for me
<b>Severe challenging behaviour (crisis)</b> When _____ starts	<b>Safety strategies</b> for _____	<b>Safety strategies</b> for me
<b>Drop off in behaviour (de-escalation)</b> When _____ starts	<b>De-escalation strategies</b> for _____	<b>De-escalation strategies</b> for me
<b>Recovery</b> Recovery starts when _____	<b>To speed the recovery</b> for _____	<b>To speed the recovery</b> for me

## Behaviour Response Plan Prompt Sheet

<b>Calm</b> When _____ is fine Write in what the student is usually like. For example, daily check-in, positive instructions.	<b>Prevention strategies</b> Write in prevention strategies. For example, daily check-in, positive instructions. for _____	<b>Prevention strategies</b> Write in what you will do when the student is fine. For example, follow plan, praise, reward, have fun. for me
<b>Early Warning Signs (agitation)</b> When _____ starts Describe the observable behaviours that show that the student is beginning to feel distressed, anxious or agitated. This could include, withdrawal, talking louder or faster, red face etc.	<b>To prevent challenging behaviour</b> Write in the strategies you are going to use to help the student calm down and feel more comfortable. Preventative strategies could include, giving them space, distraction and redirecting. for _____	<b>To prevent challenging behaviour</b> Write in what helpful thoughts you are going to use for yourself or other staff involved. For example, show empathy, look at the situation from their perspective. for me
<b>Low level challenging behaviours (acceleration)</b> When _____ starts Describe the observable low-level behaviours. At this stage the student is still rational, therefore can still make decisions. These behaviours may look like, swearing, threatening, showing, etc.	<b>To de-escalate the situation and prevent challenging behaviours</b> Write in strategies you will use to help de-escalate the behaviour. Strategies might include, redirecting, distracting, setting limits, giving simple clear instructions, saying "no" differently. for _____	<b>To de-escalate the situation and prevent challenging behaviours</b> Write in what strategies you or other staff will use to stay calm. For example, think positively, deep breaths, remind self that student is not doing on purpose, "I can do this". for me
<b>Severe challenging behaviour (crisis)</b> When _____ starts Describe the observable severe behaviour. At this stage the student is not rational and has no control over behaviour. There are safety issues. Behaviours include hitting, fighting, etc.	<b>Safety strategies</b> The main goal is to reduce the severity and duration of the episode. Write in safety strategies such as, respecting their space, avoiding verbal interaction, removing other people from area. for _____	<b>Safety strategies</b> Write in what strategies you or other staff will use to remain calm. For example, deep breaths, take a break, call for help. for me
<b>Drop off in behaviour (de-escalation)</b> When _____ starts Describe the observable drop off in behaviour. At this stage the student may be confused, lack focus, show signs of denial and withdrawal. This could include, blaming others, denial etc.	<b>De-escalation strategies</b> Write in strategies you will use to de-escalate the behaviour and help the student recover. Strategies might include, use concrete directions and simple statements, provide reasonable choices to redirect, use calm voice/tone. for _____	<b>De-escalation strategies</b> Write in what strategies you or other staff will use to remain calm. For example, deep breaths, take a break. for me
<b>Recovery</b> Recovery starts when _____ Describe the observable behaviours you see when the student has calmed down. For example, re-engages in communication, cries, asks for a drink.	<b>To speed the recovery</b> Write in strategies to re-establish the relationship and avoid re-escalation. For example, go on with the day as planned. for _____	<b>To speed the recovery</b> Write in strategies to recover yourself. For example, debrief with someone. for me

# F: RISK MANAGEMENT PLAN TEMPLATE

## RISK MANAGEMENT PLAN

<b>Student:</b>	<b>Year Level:</b>	<b>Room #:</b>	<b>Teacher/s:</b>	<b>Date:</b>
-----------------	--------------------	----------------	-------------------	--------------

**Background:** [include a brief background of the student including diagnosis, if any]

**Purpose:** [Describe the risk you are aiming to minimise e.g., Minimise the risk of xxx leaving school grounds without their parents.]

**Target behaviour:** [What is the behaviour you are targeting?]

**Replacement/redirection behaviour:** [describe the desired/positive behaviours the student could do instead e.g., play with the dress-ups in the boundaries of the verandah.]

POTENTIAL RISKS	STRATEGIES TO REDUCE RISKS AND ACTIONS	FOLLOW UP
<p>[List potential and known triggers and times when risks might be elevated. E.g., drop off times, break times, transition times]</p>	<p><b>During class:</b></p> <p><b>Transitions:</b></p> <p><b>Playground during break times:</b></p>	<p>[Include follow up/debrief/communication with parents. SNEAs, SAER Deputy, recording on SIS, documentation of incidents.]</p>

## H: NATURAL CONSEQUENCES EXAMPLES

Behaviour	Natural Consequence
Make a mess	Clean it up
Touching other students	Apologise and relocate
Drawing on school property	Clean it off
Throwing books to pack away	Pack away the books properly on the shelf (demonstrate if necessary)
Not playing safely on play equipment	Student to explain the playground rules/ Move away and play somewhere else (If continues)
Littering	Put the rubbish in the bin
Pushing to the front of the line (wanting to be first)	Reminder of expectations/ Go to the back of the line
Obvious work avoidance	Finish work during a suitable time. Support if necessary.
Inappropriate language	Reminder
Coming into the classroom using disruptive behaviours (running/shouting)	Go back outside and enter appropriately
Chairs (Swinging/rocking/standing/kneeling)	Sit properly on chair reminder/move to the floor/remove chair
Damaging other people's belongings accidentally	Apologise to the person and say they will not touch their belongings again. Repair if applicable.
Denying/lying (When behaviour has been observed)	Situational response.
Continually not meeting the expectations of mat behaviour (calling out/not listening/ distracting others)	Reminder then move child.
Accidentally or intentionally (K/PP) low level physically hurting someone	Apologise via 'knee to knee' strategy.

Behaviour	Consequence
Using unkind words	Reflection Sheet as Consequence as appropriate.
Continually not meeting the expectations of mat behaviour (calling out/not listening/ distracting others)	
Low level oppositional behaviour towards staff	
Inappropriate language (if continuous)	
Denying/lying (When behaviour has been observed and continuous)	
Damaging belongings that cannot be repaired.

## K: NOTIFICATION OF DETENTION TO PARENTS/CAREGIVERS

---

### NOTIFICATION OF DETENTION

Date:

**PALMYRA**  
PRIMARY SCHOOL  
WHADJUK NOONGAR BOODJAR

Dear Parent/Caregiver

Today, your child was given detention at

- Recess
- Lunchtime

for

If you require any further information, please contact the school and ask to speak to Catherine Bastiani on 6436 0100.

Kind regards

[Name of Deputy Principal]

Deputy Principal

## L: RE-ENTRY PLAN

**PALMYRA**  
PRIMARY SCHOOL  
WHADJUK NOONGAR BOODJAR

*Every Student, Every Classroom, Every Day*

*MOVING FORWARD TOGETHER*

### Re-entry Plan

Student Name:

Year Level:

Room #:

Teacher:

Purpose:

Date:

The following steps will be taken to support [Student's name]:

1. **Individualised Behaviour Goals:** [State behaviour goals here. Keep them worded in the positive]

[Student's name] will:

- o List goals here
- o List goals here

2. **Classroom Support:**

[Classroom teacher's name] will provide additional guidance and encouragement to [Student's name] to ensure their success, including positive reinforcement in the classroom for following our school values:

- o Be Responsible
- o Be Respectful
- o Be Your Best

3. **Parental Involvement:**

Regular communication will be maintained to keep parents/guardians informed about [Student's name]'s progress, areas of improvement, and any necessary adjustments to the plan. Collaborative efforts between the school and parents/guardians will contribute to the success of the plan.

4. **Monitoring and Evaluation:**

The Behaviour Management Plan will be monitored and evaluated to assess its effectiveness. [Classroom teacher's name] will check in with [Student's name] to ensure that they are on track with their behavioural goals and making positive strides. The plan will be in place until [insert date here].

By implementing this Behaviour Management Plan, we aim to support [Student's name]'s personal and academic growth while providing a safe and inclusive environment for all students. We believe in the ability of each student to learn from their mistakes and become responsible, respectful, and successful individuals.

Together, we can help [Student's name] rebuild their confidence, develop appropriate behaviours, and achieve their full potential.

### Behaviour Progress Review

<b>Student Name:</b>	<b>Year Level:</b>	<b>Room #:</b>
<b>Teacher/s &amp; SNEA/s</b>		<b>Date</b>

#### Positive Behaviour Highlights:

<b>Classroom Participation:</b> [Comment on the student's active participation in class discussions, engagement in group activities, and willingness to contribute to the learning environment.]
<b>Respect for Others:</b> [Highlight instances where the student has demonstrated respect for teachers, classmates, and school staff. Mention any specific examples.]
<b>Responsibility:</b> [Acknowledge the student's sense of responsibility in completing assignments, submitting homework on time, and taking care of school materials.]

#### Areas for Growth: [These are examples only. Change or delete those not relevant]

<b>Focus and Concentration:</b> [Provide constructive feedback on moments where the student may have faced challenges in maintaining focus during class activities or assignments.]
<b>Following Instructions:</b> [Discuss instances where there may have been a need for improvement in following instructions promptly and accurately.]
<b>Emotional Regulation</b> [Offer suggestions for the development of the student's emotional regulation.]
<b>Organisation:</b> [Offer suggestions for enhancing the student's organisational skills, such as keeping track of assignments, materials, and managing time effectively.]

**Date of next review**
